

# Prophet Jesus (as)

## **A9 TV; 11 November 2012**

I am wondering about Messiah, Prophet Jesus (as) a lot. It is amazing that Prophet Jesus (as) is not involved with Darwinism and materialism. That is what Bediuzzaman says. That is to say, he is not engaging in any activity in the field of faith. Allah knows the truth, but he probably does not want to be recognized. He directs the world in terms of politics. That is how Allah inspires then. I would expect him to come and spread Islam. He does not do that. I thought of it; indeed he would be recognized right away. If he published a book about Darwinism and materialism, it would be immediately recognized. If his picture and name were published, it would be immediately understood. That means that a very discreet activity is needed. How would this be accomplished? It is very hard but it can only be accomplished by The Knights Templars, Freemasons and some Jews. We have no knowledge about it.

### **(About the damage caused in the USA by Hurricane Sandy )**

If people look closely, it is a sign that Jesus the Messiah (pbuh) has come. They pretend not to realize. It is also in the Gospels. Jesus the Messiah (pbuh) says, "Before my coming great signs will begin, you will begin to see major events. Earthquakes will intensify." He says there will be a rise in hurricanes and phenomena like that. "This is a sign of my coming," he says. They may not take an interest, but that makes no difference. Destiny is moving ahead very fast.

## **A9 TV, 31 October 2012**

### **(In response to a mail from a viewer asking, "What language will Jesus the Messiah speak?")**

When he first comes, Aramaic. His followers will not be able to understand. He will speak a rare language. He will speak, but they will not understand. Someone with no mother or father, and no records, wearing the clothing of his time. They will be doubtful at first, but then they will realize he is Jesus the Messiah (pbuh). They will hide Jesus the Messiah (pbuh). He will be concealed. He will then shape global politics. In my opinion, Jesus the Messiah (pbuh) has already come, and he is shaping global politics now.

## **A9 TV; 1 October 2011**

Master masons gathered together. Freemasons said, "Jesus the Messiah (pbuh) told us to follow this man carrying the pitcher." "He is also carrying a pitcher," they said. "So follow him and obey him." "So we also listen to the hodja, and follow him," they say. They think very kindly of me, of course. May Allah be pleased. But that is highly significant. For example, I did not put those pitchers there to be decorative. They regarded that masonic symbol as most important. They say, "For us, that is the symbol of the man who will save the world." "And a man who carries one, two water pitchers in Istanbul. And we will follow him and heed his words," they say. Of course, that is great flattery. May Allah be pleased. If only I were such. But I am a follower of Hazrat Mahdi (pbuh). I am just a helpless follow of Hazrat Mahdi (pbuh), the water bearer. Because the Sun looks the same in its original form or when reflected through glass. The same Sun is there. That is why they are so affected, insha'Allah.

*..he asked him, "Of all the commandments, which is the most important?"*

*"The most important one," answered Jesus, "is this: 'Hear, O Israel: The Lord our God, the Lord is one.[e] Love the Lord your God with all your heart and with all your soul and with all your mind and with all your strength.[f] 31 The second is this: 'Love your neighbor as yourself.[g] There is no commandment greater than these.'" (Mark, 12:28-33)*

**(An Answer to the Question "Why Did Allah Create the Prophet Jesus (pbuh) without a Father?")**

Allah created extraordinary things in the Prophet Jesus (pbuh), so there could be miracles and marvels, and so that these would delight people. That is not the only one. He creates him without a father, one. Two, he [Jesus] brings the dead back to life. Three, He takes him out of this world and into another dimension. He becomes invisible. Then He sends him back 2000 years later. These are all marvels. There are many marvels with the Prophet Jesus (pbuh). He has many miracles. Not all the prophets have so many miracles attendant upon them. The Prophet Jesus (pbuh) has a great many. Allah arranged it in that way, masha'Allah. There was nothing like it before. He worked and preached up to the age of 30. Look, he was not in the chamber. Allah raised him into His Presence. He told the dead man to walk, by Allah's leave. And the man stood up and was amazed. "What happened to me?" he asked. A dead man, a normal dead person, was brought back to life. He had been dead for three days. His friends placed him in a normal tomb. Then he came back to life. His heart had stopped. He was dead in the full sense of the word. But when told to "Rise," he rose up, by Allah's leave. **Allah manifests His title of al-Hayy [the Ever-Living] in the Prophet Jesus (pbuh).** So we are delighted and excited. Otherwise, look, one of our brothers is going upstairs. Look and he is not there. Then we see him a bit later, higher up. It is exactly the same method. **When Allah shows him, he has come. And when He does not, then he has gone.** It is as simple as that. For example, Allah says, "this person is dead." And we believe he is dead. We look, and then Allah says, "He has come back to life." And we believe he has come back to life. It is all to do with presentation. Everyone dies when they go to sleep. Then they are restored to life in the morning. **Someone says, "I will die one day." But you die every day. You just do not know it. You go to bed to die. Everyone is on his death bed when he goes to bed.** You know how they talk about someone being on his death bed. They mean he is on the brink of death. Someone goes into coma in hospital. **Sleep is where death is fully manifested. The soul is taken away when one sleeps. One enters a coma, in other words. Then one comes out of that coma in the morning. Out of a heavy coma. Allah restores one's soul and one gets up.** But Allah does not restore some people's souls. You look and they do not get out of bed in the morning, insha'Allah.

**Jesus the Messiah (pbuh) is a prophet everyone will love.** All Christians and all Muslims will love him. That is why Allah has given him these tasks in the End Times. He is specially created. **Allah sends a prophet whom everyone will love, as Hazrat Mahdi's (pbuh) vizier and assistant.** The followers of the Nur came together and said, "Yes, Jesus the Messiah (pbuh) has come in the 2000s."

**A9 TV, 10 September 2011**

**(In answer to the question of whether the Prophet Jesus (as) will again have disciples when he returns)**

The style of the Prophet Jesus (as) is entirely different. Very different to the way of the Mahdi. Hazrat Khidr's (as) style is also very different. It is like nothing else. The Prophet Moses (as) was quite unable to adapt to him, despite being given revelation. Hazrat Khidr (as) says he will be unable to bear with him. The Prophet Moses (as) insists that he will be able to, but Hazrat Khidr (as) insists that he will not. And indeed he is unable to. He is quite amazing. And the Prophet Jesus (as) is an extraordinary individual, too. They will be unable to fit in with him. He is so extraordinary and amazing. Hazrat Mahdi (as) is also extraordinary and amazing. People cannot fit in with them. **That is why Hazrat Mahdi (as) will have so few followers. Everything he does is extraordinary.** Bediüzzaman says, "I cannot be like that extraordinary individual of the End Times in any way. I think I am just a humble pioneer of his, a trooper in his vanguard."

The outcome will be most excellent. We will all see 2012 together. Little time remains. **Start monitoring as of events in New Year, 2012, insha'Allah. There will be huge difficulties and events that appear very terrifying, as well as most pleasing events.** The most astonishing events will take place, really influential ones, insha'Allah. The two kinds will take place together, insha'Allah.

### **A9 TV; 10 November 2011**

The fact is that the Prophet Jesus (pbuh) will find a comfortable foundation in the system that Hazrat Mahdi (pbuh) will set up. **But the main force and service will lie with Hazrat Mahdi (pbuh).** Jesus the Messiah (pbuh) will have a small community of followers. He will impose a form of Christianity based on the way of the Mahdi. An Islam within Christianity. In other words, the Prophet Jesus (pbuh) will convert the Christian world by rooting it in the Qur'an and Islam. Because, "he will find the Book ready," he says. "1400; the Prophet Jesus (pbuh) will find a book inside a chest bearing the seal of our Prophet (pbuh)." **That is quite explicit; our Prophet (pbuh) says that, "he will find 1400 books bearing the seal of our Prophet (pbuh) inside a chest, and he will preach with these." That refers to the Prophet Jesus (pbuh).** He will clearly do this through the way of the Mahdi. We will see the way of the Mahdi very clearly. And in my opinion, we are seeing it now, insha'Allah.

### **A9 TV; 10 November 2011**

People may have doubts regarding Jesus the Messiah (pbuh). "Is it really him?" they may say. That is not a big problem. The question is one of the global prevalence of Islam. That will happen. But the appearance of the Prophet Jesus (pbuh) is of course most astounding. I do not think there will be that much amazement when it comes to Hazrat Mahdi (pbuh). But there will also be uncertainty about Hazrat Mahdi (pbuh). We can see that from the hadiths. Our Prophet (pbuh) says, "The wise men in Kufa will better know that he is the true Mahdi." Now what does that mean? It means there will be a general uncertainty, and that is quite normal. People may say, "Is it really him?" They may say: "People have accepted him since he is a talented and intelligent person who makes better use of circumstances, America, Russia and the freemasons supported him. People accept him since he appeared with love, since it is a system that had not been tried, since there was no other way left, since the communist alternative had been closed off, given the economic crisis." There will probably be something like that. So there will be no absolute certainty of the kind people imagine. **A very strong conviction will prevail, but there will be no 100% certainty.** There will also be such a serious conviction regarding Jesus the Messiah (pbuh), but 100% certainty will only come with revelation, insha'Allah. People will harbor positive opinions and will say, "This is him, by the law of Allah."

### **A9 TV; September 27th 2011**

Prophet Jesus (as) is amazing. Hazrat Mahdi (as) seems reasonable to me but Prophet Jesus' (as) metaphysical aspect is very intensive. It is a very stupendous thing for a person to remain in a different dimension for 2000 years and then return to this world. A very great and striking incident.

### **A9 TV; September 7<sup>th</sup>, 2011**

**(In response to the question, "Will Prophet Jesus (as) have disciples as in the past?")**

Yes, Prophet Jesus (as) will have distinguished disciples, but it is not that his old disciples will be given souls and come back to life. His disciples have passed away. Prophet Jesus (as) did not pass away. He was taken to the Sight of Allah. He was taken to a different level with his body and soul. We are not talking of a millimeter when we speak of "dimension". Not something a hundred thousandth or millionth of a millimeter. "Dimension" is something different. We are intertwined. He comes from that dimension to the Earth. Looking at his apparel, people will be surprised and ask, "Who are you?" He speaks Aramaic. Then they will say, "A person who has lost his memory then." Then, looking at this face, they will understand and say, "He might be Prophet Jesus (as)." His wisdom, style, intelligence, manner of speaking....He learns foreign languages in a very short span of time. English, Turkish...He will speak many languages. He memorizes the Qur'an after reading it once. This is no exaggeration. He reads the Qur'an once but commits it to his memory. He will also know the Gospel and Torah. Insha'Allah. Those who are close to him will say, "Allah knows the truth that is him." He eats, converses, sleeps. He becomes sick; he catches the flu. But people will

see that he always has accomplishments; he calls the Christian world to Islam, and he really succeeds in it. So people will say, "Allah knows the truth he is him."

### **A9 TV; November 26th, 2011**

#### **(Regarding the report that we are in Hijri 1433)**

1433; the age when Prophet Jesus (as) was taken to the heavens was 33. We will shortly enter 2012.

### **A9TV; September 13<sup>th</sup>, 2011**

The Prophet Jesus Messiah (pbuh) has been taken to the Sight of Allah. That is a fact defined by the verses of the Qur'an. The Companions of the Cave are sleeping in the cave. The cave is there, and they are sleeping in that cave; that is true as well. That is a fact defined by the verses of the Qur'an as well. However Hazrat Mahdi (pbuh), our Prophet (saas), Imam Rabbani, Said Nursi, all these individuals are people made up of flesh and bone, as we know. And they are not in another dimension. There is no such thing. His [Hazrat Mahdi's (pbuh)] childhood years, his youth, his activities, his death will be in front of the eyes of the people. However he will be known after a certain time, he will be recognized only after a certain time

### **A9 TV, 30 April 2012**

But what kind of activity will Jesus the Messiah (pbuh) engage in? I am unable to understand the blessed one. I will ask him when he appears. He will be very different since he has the mind of a prophet. Bediuzzaman says, "He will engage in political activities." What will he do, I wonder? I am very curious. He will probably work with the Templars, and may also do something with the freemasons. Then there is this new sect of the Mormons. He may have connections to them. But it is Hazrat Mahdi (pbuh) who will come down on the way of the antichrist. Jesus the Messiah (pbuh) will help him. Almighty Allah has ordained Hazrat Mahdi (pbuh).

### **A9 TV, 20 April 2012**

And for followers of Jesus. They love the Prophet Jesus (pbuh). Do I tell them "Abandon the Prophet Jesus (pbuh)? I tell them to love him more. I do not tell them to "Abandon Hazrat Maryam." I tell them to love Hazrat Maryam even more. Because Almighty Allah says that Hazrat Maryam is superior to all the women of the world. Can you find me such a statement in the Gospels? Allah says He has made her superior to all the women of the world. How well Almighty Allah praises her. What more do you want? Allah praises Jesus the Messiah. He praises and praises him. He says he will return. That is the same as your belief. What more do you want? Almighty Allah gives you good news.

### **A9 TV, 11 April 2012**

Allah will work marvels so people will think about the way of the Mahdi and the appearance of Jesus the Messiah (pbuh). He [the Prophet (saas)] says there will be marvels before the appearance of Jesus the Messiah (pbuh). And his coming and appearance are two different things. That is in the Gospel, too. He says that earthquakes will multiply as a sign of my appearance. A hitherto unseen rise in the number of earthquakes is also a sign of the coming of Hazrat Mahdi (pbuh). There have never been such frequent earthquakes before. They started all of a sudden. That has never happened in the last 10, 20 or 30,000 years of the Earth's history.

### **A9 TV, 1 April 2012**

Allah says that the Torah and the Zabur contain provisions about global prevalence [of Islam]. When we look we see they refer to the Mahdi (pbuh). Allah says look at the Torah and the Zabur and you will see. He talks about global majesty. He speaks of the global reign of Muslims, and says you can learn about it there. When we look, we see it refers to the King Messiah, to Moshiach, the Mahdi (pbuh). We therefore also see that the Mahdi (pbuh) is in the Qur'an. It says, "It has come down from Judaism," and it has indeed come down from the Zabur. Allah reveals this, and the Qur'an is sending a message. And we can therefore find that commandment.

### **A9 TV, 28 February 2012**

No, the Prophet Jesus (pbuh) is in concealment. He is not living among people. If one of his followers makes a move, they immediately remove him from his post. His work is being aimed towards people in senior positions. If he speaks about Islam and the Qur'an, they immediately remove him from his post. He and his followers are working as secret Muslims. When asked, he says he is a Christian, insha'Allah.

### **A9 TV, 26 February 2012**

The way Jesus the Messiah brought the dead back to life, for instance. People imagine there were a pile of bones buried underground and that those bones suddenly started walking again. Not in the least. If that were the case, there would be no more test for the Prophet Jesus (pbuh), either. The person would have been dead for two or three days. They placed the dead bodies in caves in those days. That is where the body was, in a cave tomb. Then he says, "Rise, by the will of Allah." The person then walks outside, in a state of confusion. Now that does not eliminate the use of free will. The person may not have died. He may only have fainted. Or he may genuinely have died. But the believer believes that he died and was brought back to life. But someone else imagines it was all put on. He thinks that the Prophet Jesus (pbuh) staged it with his disciples. And so he does not believe.

### **A9 TV, 27 March 2012**

Jesus the Messiah is a humble, sweet and glorious entity. He will sit and eat with village people. He will kiss the hands of old people and embrace them. He will wear a robe and put children on his lap. The moral values of Jesus the Messiah are like those of our Prophet (saas). Jesus the Messiah is a most lofty person. He will embrace the old and delight in wearing their robes. He will delight in honoring them. You see how he wiped his face with the shirt of the Prophet Joseph (pbuh)? Israel was a prophet himself. That is something beautiful, love. He placed his mother and father on the throne. Were his mother and father prophets? He sat on the floor. Why? This is because of the moral values of a prophet. This is humbleness. Jesus the Messiah will embrace our sheikh out of his own fine moral values. He will kiss his hand out of humility. He will wear his robe out of humility and fine moral values. Since pride is what is most important among the bigots, they evaluate everything in that light.

### **A9 TV, 7 June 2012**

When a Christian embraces Islam he assumes that he will abandon Prophet Jesus (as) and Hazrat Maryam (as). He thinks that he is abandoning everything good related in the Gospel. The fact is that by embracing Islam, he also embraces everything good in the Gospel, and in addition to this, he leaves everything corrupted in it. He attains perfection by adopting those beautiful things that he had not known before. He does not abandon anything from Christianity, he simply becomes a real Christian. He becomes a Christian following Prophet Muhammad (saas). A genuine Muslim. In other words, it is unbecoming for him to fear that he will no longer be a Christian. The entire issue is being a follower of our Prophet (saas), he in no way abandons the Gospel. That is to say, it is unbecoming to fear that he will cease to be a Christian. We do not ask them to abandon the Gospel. He can take every part of the Gospel that is right and live by it in the best form. We are also doing the same.

### **A9 TV, 10 May 2012**

The Prophet Jesus (pbuh) is astonished by the weak in faith. You see that also in the Gospel. "O you who are weak in faith," he says. He is astonished. But the Prophet Jesus (pbuh) did not suffer, he always lived well and in comfort. The provisions in the Torah about that suffering refer to the King Messiah, Moshe. Shiloh, Moshiah, Hazrat Mahdi (pbuh). Hazrat Mahdi's (pbuh) Hebrew name is Moshiah, or Shiloh. "His Hebrew name will be heard in the sky," it says in a hadith. The name Shiloh, in other words. The hadith says that this name of Hazrat Mahdi's (pbuh), the Hebrew name, will be heard among Muslims, in the Islamic world. Look, there are frequent references to Shiloh, aren't there? The Hebrew name. Look, this hadith has come about. This is Rasulullah's (saas) hadith come true.

### **A9 TV, 27-March-2012**

Jesus the Messiah is a humble, sweet and glorious entity. He will sit and eat with village people. He will kiss the hands of old people and embrace them. ### **A9 TV, 24 February 2012**

Jesus the Messiah will come in person. Bukhari, Muslim, Tirmidhi, Ibni Majah, the Sunan-i Dawud and Sunan al-Nasai all say, "It will be as if water is dripping from his hair." That is a trustworthy hadith. Water cannot drip from the hair of a collective personality, however.

### **A9 TV, 21 January 2012**

When the Prophet Jesus (pbuh) was taken into the sky, we are told he ascended "...before the eyes of his followers." There is no question of that. When they entered the chamber they could not see the Prophet Jesus (pbuh), and that is how he was taken into the sky. Allah turned him into light in a moment, and he passed over into the fourth dimension. Human beings have that property. It happens when Allah wishes. They become light and pass to the fourth dimension. The Prophet Jesus (pbuh) is now in the fourth dimension. I say this so people can understand. And he will suddenly be taken back to the third dimension. That is the truth of it. Of course, Allah will adorn him when he comes. He will send down angels and much glory. His descent will be fine, with the prayers of the angels.

One portent of the Prophet Jesus' (pbuh) coming is that he conceals himself despite having appeared. For example, Hazrat Mahdi (pbuh) can be recognized from the portents, but the Prophet Jesus (pbuh) will give no sign when he comes. It is very, very secret. Because if a bigot were to see the Prophet Jesus (pbuh), what would he say? He would be disrespectful. Or if an ignorant Christian sees him? He would be disrespectful. Because he will demand belief in the Trinity from him, may Allah forbid. He will want him to say that he is Allah. But he will say; "Lailahe illallah MuhammedenResullullah (There is no God but Allah and Muhammad is the Messenger of Allah)." And what will they try and do then, may Allah forbid? They will try to martyr him. What will they do if he says, "Lailahe illallah MuhammedenResullullah, I am the Prophet Jesus"? You know, they burned a house full of people in America. But the Prophet Jesus (pbuh) will not let anyone behave in such a way. He is a very rational person.

### **A9 TV, 13 February 2012**

One of the main beliefs in Christianity is the return of Jesus the Messiah (pbuh). If that were wrong, the Qur'an would have strongly repudiated it. "He is dead and will not return," it would say. Allah says, "Ma katalehu." They did not kill him and did not crucify him, "selebuhu." He repeats it, "Ma kateluhu," they did not kill him. He says he was taken into the Presence of Allah. He says that those who say he was killed are speculating and lying. It is untrue, and those who say such a thing are lying, says Allah. Allah says that they did not kill him, it was not Jesus who was crucified. That person was made to resemble him, He says.

(About the coming of the Prophet Jesus (pbuh)) They say that even though the Qur'an states that, they still regard it as logically impossible. But what place does logic have in faith and the Qur'an? If Allah says he will come, he will definitely come.

Jesus the Messiah prays to the Lord to destroy such and such a regime. He prays. You look and see that the country is at one another's throats and people have literally become crazy. And the regime collapses. He prays, and that is an end to it. He prays to the Lord to destroy such and such a place. And a hurricane blows up and buildings are flattened. The place will be flattened if he prays for that to happen. That is a characteristic of Jesus the Messiah in the End Times. That is a secret for you. That is his characteristic. That he is a man of prayer. He prays.

The reason why the Mahdi (pbuh) will recognize him [the Prophet Jesus (pbuh)] as soon as he sees him is the extraordinary signs of the prophethood in his face. A prophet is like nobody else. Like no other human being. He resembles no ordinary human being. The Mahdi, for instance, has great majesty. Our Prophet (saas) says, "He is more majestic and braver than the People of Israel," he says. The station of the Mahdi has its own signs, and he can be recognized through the light of faith. But ordinary people cannot recognize him. It is the same with Jesus the Messiah, ordinary people will not recognize his radiance. Not in the least. If he steps outside they will not know who he is. I mean, they will recognize him, but not as a prophet. But anyone looking through the eyes of faith will immediately see that he is a prophet. The sign of an extraordinary majesty will be upon him.

### **A9 TV, 20 August 2011**

Human beings are very weak entities. Someone having fame is merely comic. The only power is that of Allah, so what do fame and majesty matter? All human beings are powerless in the face of Allah. We come here for a short time to learn and to serve Allah. Then when the test is over we go to our eternal lives, we begin our eternal lives, insha'Allah. But they must realize that is a love toward Islam and the Qur'an has developed in the American Army, and that has come through Jesus the Messiah. Nobody is stronger than Jesus the Messiah. The matter does not resemble Hazrat Mahdi (as). You can detain and imprison Hazrat Mahdi (as), but you cannot touch or stop Jesus the Messiah. Because he is a miracle-working prophet. You cannot stop him. He is unstoppable. My greeting from here to the Prophet Jesus (as) and his followers. May the greeting and abundance of Allah be upon them, insha'Allah. May they continue in their work, insha'Allah, and we will continue as followers of Hazrat Mahdi (as). As the vanguard of Hazrat Mahdi (as). The followers of the Prophet Jesus (as) have spread right across America and Russia.

Anyone striving against Jesus the Messiah will inevitably lose. Defeat is in his destiny. The dajjal [antichrist] can maneuver, throw himself on the ground and put on a show to his heart's content, but he can never match the power of Jesus (as). He will eliminate them intellectually, with his own breath. They should not waste time trying to oppose him. At the end of the day everyone will be fine and good, insha'Allah. Through the Prophet Jesus (as), America will grow stronger and richer. And Russia, too, and China. There will not be an inch of land in the world where the moral values of Islam do not prevail.

### **A9 TV, 21 August 2011**

#### **Regarding the Daily Vatan Headline Report on "Adnan Hodja's Army";**

This is the coming about of what Bediüzzaman said. "In the End Times, Hazrat Mahdi (as) will form an alliance with Christians and wage a great campaign against irreligion and the way of the Mahdi (as)." And since we are the followers, the vanguard of Hazrat Mahdi (as), they will also, insha'Allah, be the followers of Jesus the Messiah (as). We will form an alliance against irreligion, anarchy and terror and ruthless people, and will tell fanaticism and oppression of all kinds to cease, insha'Allah. This is the coming about of the hadiths of our Prophet (saas). This is a great miracle in the End Times, insha'Allah. The alliance with the Christian and Judaic worlds will become stronger and stronger. And we will enjoy an eventual scientific victory over godlessness, Darwinism and materialism, insha'Allah.

### **A9 TV, 28 August 2011**

Such great events are taking place, the way of the Mahdi is expanding so visibly that even the blindest can see it. Some people are trying to halt the flow, but it cannot be done. Allah shows that quite clearly and explicitly. "Hazrat Mahdi (as) has come, Jesus the Messiah has come, so wake up and pull yourselves together, the moral values of Islam are coming to dominate the world," He is saying. Look carefully at the world and you will see. How Allah is breaking their pride and how He is obliging them to understand Islam and the Qur'an. There is not a superb reply to the way of the dajjal [antichrist] on the side of busses in England. The dajjal said something else. But we have said the truth. Whenever the dajjal says something, we fire back a response. We are waging a joyous intellectual struggle against rebellion and madness, insha'Allah.

### **A9 TV, 18 August 2011**

There are terrorists everywhere in the world. Terrorists are cunning. They are like germs. They made not be visible, but it is a huge danger for terrorists to take over anywhere or establish a political authority anywhere. That danger is in the PKK. Otherwise, you always have terrorist actions. There are terrorist actions everywhere. Our Prophet (saas) spoke of Hazrat Mahdi (as) and the Prophet Jesus (as) and Allah speaks of them and if you open the books of hadiths they speak of the coming of Hazrat Mahdi (as) and the Prophet Jesus (as), and you can see they have come from these things. Was there no terror when Uthman founded the Ottoman state? No anarchy? People were killing each other all over the world. He built it with faith, with love and fear of Allah. And Turkish-Islamic Union will come about through faith and love. Did Uthman have money in the bank? Possessions and belongings? He had nothing at all. He had only faith and fervor, and Allah bestowed the empire on him. But because he had a profound faith, Allah bestowed great dominion upon him. And He will now bestow the same opportunity on Hazrat Mahdi (as), insha'Allah.,

### **A9 TV, 12 August 2011**

#### ***(A Harun Yahya Conference held at a U.S. Air Base and a medal subsequently sent as a gift)***

This report is very significant. The presence of the Qur'an in the American Army, Islamic accounts being given, the language of followers of Islam and describing the invalidity of Darwinism and materialism are all marvelous things. The demand there was wonderful. These are very high-ranking people. In that respect it is also highly significant. It was amazing how they sent a medal and how they gave permission for the conference to be held. A conference being held in a military facility. They made a request, saying come and talk to us. That can only be explained by the coming of Jesus the Messiah. Someone must have warned them. Someone must have given the order. Someone must be guiding them. Who is that? There is something marvelous here. The medal is an expression of their joy. They proffered it as a compliment, an expression of love and respect.

One must approach matters with love and affection. The savagery and barbarity of the dajjal (antichrist) are unbelievable. But these are fine people and we must love them and be their friends. We must describe the way of Muhammad with love. Islam and the Qur'an are most lovely. The Qur'an bestows the most lovely and luxurious form on life. It bestows the most select life on us. The Qur'an produces first-class people. It produces excellent, rational, high-quality, honest, sincere, helpful and loving people who yearn to enjoy reason, art, science and beauty. That is a characteristic of the Qur'an. It is a system that gives rise to a super high-quality life. It is a system made by Allah.

He [Bediuzzaman] says the Mahdi (as) will appear in Istanbul. That is one thing. He says that Istanbul will be where disbelief is most intense. Not in Damascus or Medina, but Istanbul. And where was the last home of the sultanate? Istanbul. So he will come from Istanbul, insha'Allah. He says that Istanbul is a city where there will also be intense irreligion. He says that two ideas will clash in Istanbul, intellectually speaking. He says there will be the community of the Mahdi (as) and that of the dajjal. The Prophet Jesus (as) can be known through the light of faith. They say we cannot recognize him. But Bediüzzaman says we can recognize him in the presence of the light of faith. Bediüzzaman says he will not be known when he first appears. He says that the Prophet Jesus (as) and Hazrat Mahdi (as) will not know who they are to begin with. Very few people can recognize them through the light of faith. Not recognizing them is one thing, and pretending not to realize is another. The dajjal dominates schools and universities. The dajjal dominates many armies of the world. He will control many scientists. The followers of the Prophet Jesus (as) will be few in number.

#### ***(About a report that Jesus (as) "loves nuclear weapons")***

Why should the Prophet Jesus (as) want people to be wiped out en masse? The Prophet Jesus (as) is a man of love. He will never shed blood. There are hadiths about that. Those are also the moral values of Hazrat Mahdi (as). He will use the same methods as Hazrat Mahdi (as). He will bring love and peace and compassion. Arms will be eliminated in his day.

Right in the End Times. Wherever we look we see that people are suffering from the absence of the Prophet Jesus (as) and Hazrat Mahdi (as). Everywhere needs Hazrat Mahdi (as) and the Prophet Jesus (as). But the classic appearance of Gog and Magog has taken place. I mean, there is anarchy and terror everywhere. The people produced by irreligion have all become Gog and Magog. People who kill and murder and burn and bomb. There is an intense assault by Gog and Magog going on in the End Times.

The letters A and O are sacred for freemasons. A represents the compass and O the infinity drawn by it. The letters Alpha and Omega are also in the Gospel. The Prophet Jesus (as) says I am the Alpha and the Omega. That refers to eternity. Allah is eternal, but Muslims also experience that eternity. That is the explanation of those letters. If the indications in the Gospel are interpreted rationally they will have a huge impact on Christians. But there can be no belief in the Trinity, of course. Allah is clearly one. A child can see that.

### ***(About a group in America putting the Qur'an next to the Gospel in churches)***

It shows that what I say about the coming of Jesus the Messiah (as) is true. Because the Prophet Jesus (as), the Messiah, will come after these stages. He will appear. This is one stage. This is something that has never happened before. It is excellent and should be supported! Because the Prophet Jesus (as), the Messiah, is much praised in the Qur'an. Hazrat Maryam is much praised. There are many verses about that, and it will be good for Christians to know them. And, insha'Allah, that will prepare the way for the coming of the Prophet Jesus (as), the Messiah.

**And when Jesus came with the Clear Signs, he said, 'I have come to you with Wisdom and to clarify for you some of the things about which you have differed. Therefore have fear of Allah and obey me. (Surat az-Zukhruf, 63)**

He will say the same thing when he comes, insha'Allah. What will he say? What are the clear signs? The Qur'an. He will come with the Qur'an. He will say, "I have come to you with wisdom and to clarify for you some of the things about which you have differed." They will have fallen out among themselves. They split into groups and adopted very wrong ideas, didn't they? "To clarify for you some of the things about which you have differed. Allah is my Lord and your Lord so worship Him. This is a straight path."

Allah then immediately speaks of the Day of Reckoning. They will again fall out. Allah says they will again stray from the truth. "What are they waiting for, but the Hour to come upon them suddenly when they are not expecting it?" Look, He is speaking about Jesus (as). After that He speaks of the portents of the Day of Reckoning.

If someone does not believe that the Prophet Jesus (as) will return, then he will not believe in Jibrail. He will regard that as a violation of the law of Allah. He will lose the ability of free freely. That is impossible, he will say. Verse 259 of Surat al-Baqara, for instance, speaks of Allah resurrecting someone after they have been dead for 100 years. That is a verse of the Qur'an. Is free will eliminated here? No. Is it a contravention of the law of Allah? No. Someone will be resurrected after 100 years. The Prophet Jesus (as) did not die. He still lives in physical form. He was merely taken from the dimension of this world. Then he is brought back to that dimension. The Companions of the Cave spent 300 years in the cave. Or more. They develop such a conception of religion that they eliminate what the mind cannot conceive. In that case, you will not believe in the angels, either. Nor in destiny, nor the hereafter. And finally you will not believe in Allah. And that is how things are going. People do not pray or fast or give alms. But they should be honest instead.

### **SURAT AN-NISA',**

**171- People of the Book! do not go to excess in your religion. Say nothing but the truth about Allah. The Messiah, 'Jesus son of Maryam, was only the Messenger of Allah and His Word, which He cast into Maryam, and a Spirit from Him. So believe in Allah and His Messengers. Do not say, 'Three.' It is better that you stop. Allah is only One God. He is**

**too Glorious to have a son! Everything in the heavens and in the earth belongs to Him. Allah suffices as a Guardian.**

In other words, do not produce unnecessary errors and nonsense. Tell the truth. Since he is a spirit from Allah, he is called Ruhullah (Spirit from Allah). The Prophet Jesus (as) is known as Kalimatullah (Word from Allah) and Ruhullah.

**172- The Messiah would never disdain to be a servant to Allah nor would the angels near to Him. If any do disdain to worship Him, and grow arrogant, He will in any case gather them all to Him.**

Whoever does not worship Him. The Messiah and the angels close to him constantly worship Allah. The Prophet Jesus (as) is with them and constantly worships Allah. Allah notes that.

**173- As for those who believe and do right actions, He will pay them their wages in full and will give them increase from His favour...**

This verse is another proof that the Prophet Jesus (as) did not die, but is in the Presence of Allah. Allah says that about no other prophet. Only about Jesus the Messiah. He does not say that about the prophets Abraham, or Izaac, or Jacob or any other prophet. **"The Messiah and the angels near to him..."** In other words, angels such as Gabriel, Micheal (archangel) and Israfel have no hesitation about serving Allah. **"If any do disdain to worship Him..."** Yet had the Prophet Jesus (as) died he would have no responsibility to worship. But since he did not die, he continues to worship in the Presence of Allah. He worships in the way the angels worship.

I have not seen the Prophet Jesus (as) but I can tell he has come from the portents. Hazrat Mahdi (as) will be born to his parents, but the Prophet Jesus (as) will descend from the sky. The Prophet Jesus (as) will not know his parents, and he will come as one with no knowledge of his past. He will know nobody. It is impossible for the Prophet Jesus (as) to use his true identity. He will use a false identity because of danger. You will never find his parents or any relatives, because he has none. It is a unique state of affairs. But when I see the Prophet Jesus (as) I will love and embrace him.

The coming of the Jesus the Messiah is a great blessing, a huge event. Allah is doing it to honor the Mahdi (as) and also supplying a great blessing. To show the station of Hazrat Mahdi (as). He is making him the chief assistant to the Ulu al-Azm, a prophet loved by the whole world. You can appreciate the station of Hazrat Mahdi (as) from that. A prophet whom the whole world loves, Christians and all Muslims. The Jews will also love him. Allah is making a prophet in whom the whole world believes the right hand of Hazrat Mahdi (as). Allah is making Hazrat Mahdi (as) the leader of the whole world, governor of 7 million people. Nothing like it has ever happened before.
